

Instruction manual

DL S8

**DESCRIPTION**

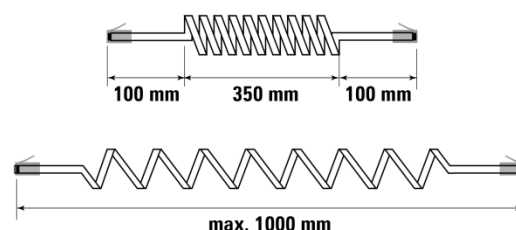

DL S8 is a coiled cable with 8 conductors and a RJ45 connector plug in each end.

It is designed for applications such as sliding doors, overhead doors, garage doors, gates and other movable objects.

DL S8 is made of high quality PUR and therefore it is more elastic and durable than a PVC-cable.

The DL S8 is compatible with Alarmtech's junction box JB RJ45 with 12 screw terminals and a RJ45 connector jack as well as most other junction boxes with a RJ 45 connector jack.

The cable is available in two lengths, 100 cm and 250 cm (recommended max extended length.)

DL S8-100**DL S8-250****TECHNICAL DATA**

Connector	RJ45
Colour	White
Quality	PUR
Conductors	8 coloured
Length DL S8-100	55-100 cm (recommended max extended length)
Length DL S8-250	99-250 cm (recommended max extended length)
Cable Ø	4.6 (+/- 0,05) mm
Outer coil Ø	19 (+/- 2) mm

Order code	Description	Color	Units per package
DL S8-100	Coiled cable with RJ45 connector, 100 cm	White	1
DL S8-250	Coiled cable with RJ45 connector, 250 cm	White	1
